SEAN BENKENSTEIN

SOFTWARE DEVELOPER

ABOUT ME

My love for software development sparked from an interest in game develop and technology. I have a passion for solving all kinds of problems and enjoy tackling challenging tasks. I am self motivated and looking for opportunities where I can contribute, learn and grow.

Areas of Expertise

- Front End web development specialising in React JS
- Android and Apple App Development - React Native
- Back End development - experience in Ruby and Node JS

Work Experience

ASSOCIATE INSTRUCTOR - GENERAL ASSEMBLY

2021 - CURRENT

- Teaching full-stack development concepts and best coding practices.
- Continuing my own learning, keeping up to date with new technologies and frameworks.

TENNIS COACH - ST IGNATIUS COLLEGE, RIVERVIEW

2019 - CURRENT

- Used logical thinking everyday in order to increase efficiency in operations
- Managed and worked alongside teams where communication was crucial

GENERAL ASSEMBLY

2021

Graduated from General Assembly successfully with over 480 hours of programming and web development experience.
- Path Finder: react app that uses Dijkstra's algorithm to render and solve customisable mazes
- Dashboard: home page for your web browser, features drag and droppable widgets with a user log in and save system

STORE MANAGER / SHOPIFY STORE

2018

- Setup a retail store selling skate products along with a progressive online shop powered by Shopify
- Designed and developed front-end of the website
